SARATOGASPRINGS.IO

Executive Briefing: On-Site Professional Headshots

A polished, coordinated headshot experience for your team, arranged around the workday.

A professional setup that fits your space

A standard 10 x 12-foot conference room or a quiet lobby corner is typically enough. We bring the photography setup and coordinate placement with your office contact in advance.

A smooth schedule with minimal disruption

Team members are scheduled in three-minute increments, helping the day move efficiently while keeping interruptions to a minimum. We coordinate the schedule with your designated contact before the session.

Delivery in 48-72 hours

Edited images are delivered digitally within 48-72 hours after the session.

Full image usage rights

Your organization receives full usage rights for the delivered images for its business and promotional needs, including websites, staff profiles, LinkedIn, press releases, and other company communications.

Based in Saratoga Springs

SaratogaSprings.io provides professional headshot photography for businesses and teams in Saratoga Springs and the surrounding region.
